

**JUNE 2016**

**LOCATION:**  
Gatineau Hydro Corridor, Don River Watershed

**DATE:**  
Wednesday, June 29 2016

**REGION/MUNICIPALITY:**  
City of Toronto

**PARTNERS:**  
Toronto and Region Conservation (TRCA), Hydro One, Great Lakes Guardian Community Fund, Councillor Glenn De Baeremaeker and staff, Community Residents.

## Gatineau Hydro Corridor Pollinator Habitat Enhancement with Local Residents

Great momentum is continuing to build around the Gatineau Hydro Corridor Revitalization initiative.

Approximately 100 community members, Councillor De Baeremaeker and staff members were in attendance to plant 500 native wildflowers.

This enhanced area will assist with counteracting pollinator species decline by creating important and necessary habitat within a stretch of hydro corridor in Scarborough.

This type of community based activity educates on the importance of greenspace to provide healthy diverse meadow ecosystems in urban settings.

### POSITIVE ENVIRONMENTAL IMPACTS

Vegetation Planted	# of Pieces Planted	Total Area Enhanced (sq. m.)	# of Participants	Participant Hrs. Contributed
Wildflowers	500	200	~100	200
